- ❖ The AFMS officers and show committee want to ensure that the show is successful and provides a valuable service to the industry. Please respect the following general guidelines:
 - We appreciate your efforts to distinguish AFMS from a table top show by incorporating graphics, banners, professional displays, etc. If your exhibit is confined to tabletop items, a company graphic/backdrop is required to be displayed along the back of the booth. Individual products on the table are not permitted without graphics/labels for identification.
 - Please refrain from loud noises, or other actions that may disturb your neighbors or other participants at the show.
- ❖ Monitoring (1) class session is part of your Exhibitor responsibilities. Please email **Registration@afms.org** with the name of the person from your organization who will monitor a session. You cannot monitor a competitor’s class.
